

# RECYCLE YOUR PLASTIC WASTE

[recycling@dulis.be](mailto:recycling@dulis.be)

*ClearLine*

**MuTI**<sup>™</sup>

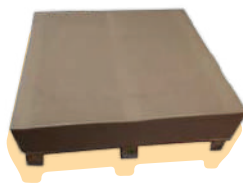

Take part in sustainable development with DULIS and give new life to all pipette tips-related waste from Multi-Sorenson and Clearline products.

Zoning Industriel de Rhisnes,  
Rue de Néverlée 11 - B, 5020, Belgium

# 1

## THE DULIS RECYCLING BOX

We deliver a 1m<sup>3</sup> cardboard box to your site. Users dispose of their plastic waste related to Multi-Sorenson and ClearLine tips in this cardboard box.

When the box is full, we come to retrieve it and send the collected waste **to a plastic recycling facility.**

The cardboard box arrives folded on a pallet. Unfolded, it measures 115x110x120 cm (+/- 15 cm when full).

## USE YOUR OWN BOXES

You may also deposit waste related to your empty boxes and refill trays in the **cardboard boxes of your choice.**

When you have reached a given amount of boxes (10 at the most), we will **come and collect the whole set** to entrust the collected waste to a plastic recycling company.

Your box or your boxes must be located in an **easily accessible place** to facilitate their retrieval.

# 2

To order your box or have your full boxes picked up, scan the QR code, or find the form at the following link: <https://www.dulis.nl/about/csr/environment>
