

Drummond Microcaps

Micropipette-capillaries with total capacity calibrated from end to end by a defined volume.

- High accuracy ($\pm 1\%$)
- Single use
- Borosilicate glass

Pear - silicone tip

Cat. No.	Description	Units/box	€ Excl. VAT box
075180	Pear and tube holder for microcaps	1	NC -

Capillaries with other volumes are available on request.

Hematocrit tubes

Glass hematocrit tubes

- Glass capillary hematocrit tubes
- Colour code
- High precision capillary
- Length : 75 mm or 100 mm
- With or without heparin

Cat. No.	Description	Colour code	Length (mm)	Out. ø (mm)	Inn. ø (mm)	Approximate Volume (µl)	Pack. unit	€ Excl. VAT / pack. unit

Plastic hematocrit tubes 75 mm

Capillary tube made of polycarbonate Plasticrit with a precision comparable to glass. No risk of breakage. These capillaries meet FDA and CDC standards.

Cat. No.	Description	Units/box	€ Excl. VAT box
075127	Polycarbonate hematocrit tube 75 mm	200	NC -
075128	Heparinised polycarbonate haematocrit tube 75 mm	200	NC -

Hemato-Clad Mylar coated glass hematocrit tubes

Glass tube coated with a plasticizer, Mylar. Protects the user from glass fragments and aerosols in case of breakage.

Cat. No.	Description	Units/box	€ Excl. VAT box
075129	Mylar hematocrit tube 75 mm	200	NC -
075130	Mylar heparinized hematocrit tube 75 mm	200	NC -
