

LabMate Pro micropipettes

- > One-handed volume control
- > Low pipetting effort
- > Strong tip holder
- > Adjustment of the height of the ejection system with small pins
- > Fully autoclavable
- > Resistant to UV
- > Stainless steel ejector
- > Easy maintenance and recalibration

HP®pette High precision micropipettes

- > Mechanical air displacement pipettes, volume range 0.5 µl to 5 ml
- > Good handling, easy to use
- > Volume readout window visible on the side of the pipette, ejector button on the back for easy ejection
- > Fully autoclavable

Supplied with: calibration key, operating instructions, grease tube, pipette holder, performance certificate to ISO8655/ DIN12650
