

Greiner Bio-One Tips

► Complete range of tips adapted to the majority of pipettors on the market, both for micro-volumes (with tips for PIPETMAN® Gilson P2 and P10 and Eppendorf 0.5 - 10 µl), and for macro-volumes (with tips of 5000 µl)

► Tips available in two versions, graduated and non graduated (the graduation allows to control the accuracy of the pipetting)
